

Introducing topup2talk

Unlike our competitors, at InterCall we believe that action speaks louder than words. Part of our mission statement talks about 'pursuing innovation' and now – through the introduction of a groundbreaking product – we have shown once again that although we may talk the talk we can walk the walk too – and how! We are proud to unveil topup2talk – good news for everybody concerned.

Topup2talk has been created to act as a smart InterCall 09013664344 Service. Together we save Britain millions of pounds on international calls every year. But we know that InterCall will not suit everyone's circumstances. Topup2talk will allow you to pick up a 'new breed' of customer. With the introduction of this service you can be confident of having all angles covered.

As you know, mobile users are not best suited by Extra premium rate numbers - that's one of the main reasons why we wanted to offer a companion to our flagship service. Now mobile users will be queuing up to use topup2talk once they discover its many benefits.

THE BEST VALUE PRODUCT YOU WILL EVER FIND

You want to know how it works - right? It's simple. Topup2talk will be used by anyone who makes international calls – especially from mobiles. Let's use an example and say you want to call America.

You pick up a BT phone and call our new **0901 366 4344** top-up number. Then enter the telephone number of the phone you want to make your international calls from. The call will cost £1 and **we will instantly credit your chosen phone with £1's worth of call time.** You are now free to start dialling America – or anywhere else in the world - whenever you want and can repeat the 'topping-up' process at any time - so you'll never have to worry about running low on credit.

With topup2talk, destinations like America, Canada, Australia, New Zealand, France, Spain and Hong Kong can all be called day or night for just 1p per minute. And there's more - people can call anywhere in the world at a range of super-low rates– just check them out! (see overleaf)

TRY IT NOW AND SEE FOR YOURSELF!

Can you spare a pound? Why not spend £1 familiarising yourself with the topup2talk service. Follow these steps and try it out:
